

Service Area and Cost

LDC route makes two round trips on Tuesdays and Thursdays between Eugene VA Clinic and the Roseburg VA Medical Center with stops in Cottage Grove and Drain. The bus will serve only the bus stops listed with a number and name on the timetable and route map. Route has no direct connections with the LTD or UPTD bus routes.

TIMETABLE NOTE: The direction of travel for each round trip is labeled SOUTHBOUND or NORTHBOUND and by the order of the bus stop numbers in the timetable and map.

Veterans with ID always ride for FREE!

RIDES ARE FREE FOR ALL for an introductory period, so try the Lane-Douglas Connector NOW!!

January 5, 2021

Purpose The Lane-Douglas Connector (LDC) is a pilot project funded by the Rural Veterans Healthcare Transportation grant. This new service offers public, accessible transportation to veterans and the public in rural communities for better access to healthcare services and shopping opportunities. Everyone is eligible to ride the Lane-Douglas Connector starting January 5, 2021!

Health & Safety

LDC bus has a limited capacity according to health regulations and social distancing requirements. Drivers wear a mask, perform regular bus wipe downs of interior contact surfaces, and passengers are required to bring a mask to wear while onboard.

How to Ride the Lane - Douglas Connector

Space is available on a first come, first serve basis with scheduled rides having priority over a walk-on request. Bus will not leave any stop before the posted time on the timetable, so arrive 5-10 minutes early to allow for boarding time.

Bus stop Walk-on: Before boarding, the driver will ask for your trip destination and return trip time in order to share these details with the UPTD dispatcher. The dispatcher will determine if there will be capacity on the bus for each leg of the requested trip(s). If the answer is YES, the rider may board. If the ride can't be accommodated, the rider may not board because other reserved trips will be affected by adding a Walk-On. If this rider wants to schedule trips for later that day, the dispatcher may be able to offer and schedule guaranteed future trips.

Advanced ride scheduling: Call UPTD dispatcher, toll-free (888) 232-8121 in advance of the posted departure time at bus stop location. If the requested trip to or from a destination doesn't exceed bus capacity, the trip will be scheduled. Then, the rider needs to be at the scheduled bus stop before the bus leaves at the departure time.
