Purpose

OVERVIEW: The Lane - Douglas Connector (LDC) is a service that offers public transportation in rural communities for better access to healthcare services, transportation connections and shopping opportunities.

HOW IT WORKS: The LDC is a route based service you can ride by booking ahead and showing up or simply walking-on at one of the bus stops at the appropriate time. We recommend reserving your ride as reserved rides are prioritized over walk-on rides.

If you need special accommodation, please contact:

RIDE OPTIONS
 Space is available on a first come, first serve basis with scheduled rides having priority over a walk-on request. Bus will not leave any stop before the posted time on the timetable, so arrive 5-10 minutes early to allow for boarding time.

Bus stop Walk-on:
 Before boarding, the driver will ask for your trip destination and return trip time. If this rider wants to schedule trips for later that day, the dispatcher may be able to offer and schedule guaranteed future trips.

Advanced ride scheduling:
 Call (541) 942-0456 or (877) 200-5808 in advance of the posted departure time at bus stop location.

If the requested trip to or from a destination doesn't exceed bus capacity, the trip will be scheduled. The rider needs to be at the scheduled bus stop before the bus leaves at the departure time.

Dispatch hours are 8am-7:15pm Tuesday and Thursday
